

TALKBUTTON SOFTWARE EULA

This End-User License Agreement (EULA) is a legal agreement between you (an individual or entity) and the Author of the Software.

AGREEMENT

By installing or copying or activating, or in anyway using the Software, you agree to be bound by the terms of this EULA. If you do not agree to the terms of this EULA, you are not allowed to install or use the Software.

TRIAL PERIOD

If you agree to this EULA, you are free to install the Software for evaluation purposes and to use the Software for up to 30 consecutive days. If further evaluation is needed to verify its fitness for your purpose, you can request a trial extension from the Author. After the evaluation period ends you cannot use the Software without purchasing a license.

NO WARRANTIES

The Author disclaims any warranty for the Software. The Software and all related materials and documentation is provided "as is" without warranty of any kind towards any expressed or implied fitness for any particular purpose.

NO LIABILITY FOR DAMAGES

In no event shall the author of the Software be liable for any damages whatsoever arising out of the use or inability to use this product. The entire risk as to the quality and performance of the Software is borne by you. Should the Software prove defective, you and not the Author assume the entire cost of any service or repair or consequence.

LICENSE AND ACTIVATIONS

For each activation purchased, you have the right to activate and use the Software on one computer on your site or owned by you. By deactivating the Software on one computer, you have the right to activate the Software on another computer on your site or owned by you. You agree to allow the Author the use of technical measures to prevent unlicensed or illegal use of the Software. Each activation identifies the hardware 'signature' of the computer. This signature is recorded by our verification system so that the product key can not be used to activate the Software on computers beyond the number of activations purchased.

The transfer or sale or loan of a license or of activations or of unused activations or of a product key of the Software is not allowed under any circumstances.

YOU MAY NOT

Modify, translate, reverse engineer, decompile, disassemble (except to the extent applicable laws specifically prohibit such restrictions) the Software.

Create derivative works based on the Software.

AUDIT

You agree that the Author may audit your use of the Software for compliance with this EULA at any time upon reasonable notice. In the event that an audit uncovers use not in compliance with this EULA, you shall reimburse the Author for all reasonable expenses relating to such audit in addition to any other liabilities you may incur as a result of such non-compliance.

TERMINATION

The license terminates automatically if you fail to comply with this agreement.

Title, ownership rights and intellectual property rights in and to the Software shall remain in the Author. The Software is protected by international copyright treaties.
